Wonder

PROBIOTICS

Microorganisms for a healthy flock!

Wonder™ Probiotics is a mixture of viable, beneficial microorganisms that support digestive health of birds from hatchling to adulthood.

Feed to chickens at all stages of life to strengthen immune systems, aid nutrient absorption, and promote high-quality eggshells.

Directions: Add 1 scoop (1 gram) per 2 gallons of drinking water to your waterer. Refresh water daily. Then watch your flock grow!

Ingredients: Dextrose, *Lactobacillus casei*, *Enterococcus faecium*, *Lactobacillus acidophilus*, *Bifidobacterium bifidum*, *Bacillus subtilis*

Composition: Lactic acid bacteria* no less than 12 million CFU/gram
